NOGALES NOTES.

A Survey of the Happenings in the Line City and Vicinity During the Week.

First showing of Spring hats, at Elite Millinery. *

Miss McPherson, a niece of Reverend J. H. McPherson arrived from the East last week to visit her uncle.

Messrs. A. S. Henderson, Walter Fortune and Oscar Ashburn came in from Patagonia Wednesday evening.

Monday morning Mr. H. Gordon Gore started for Prescott to attend the annual meeting of the Grand Lodge of Free Masons.

Last week Mrs. L. M. Raines returned from Denver, Colorado, where she was called some weeks ago by the illness and death of her mother.

Messrs. B. F. Powell and Uncle Tom Wills have been in Nogales this week. Mr. Powell is arranging to make proof upon his homestead near Elgin.

Mr. T. G. Chalmers from Lochiel, was in Nogales Monday. Mr. Chalmers reports that last week no less than ten families located on government land in the San Rafael valley.

If you are particular about your assaying, send your samples to Al. Lloyd, Alamos, Sonora. *

Mrs. I. Burgoon went to Prescott Monday to represent the local chapter in the Order of the Eastern Star at the grand chapter of that body, which has been in session in that city this week.

Mr. Matt Winters who resided formerly on the Santa Cruz river, and is a resident now of Cheyenne County, Kansas, was a visitor at Nogales this week, having come from Denver Tuesday evening.

Train from the South was several hours late yesterday, reaching Nogales at Noon. The delay was caused by a burned bridge beyond Empalme, said to have been destroyed by revolutionists.

Monday morning there was born a son to the wife of Mr. J. W. Edwards. The day being the one hundred and third anniversary of President Lincoln the little fellow was named James Lincoln Edwards.

Call and see the new Spring styles and samples for ladies suits and dresses at Elite Millinery. *

Thursday morning Mrs. E. Piper of Douglas, who had been visiting her mother Mrs. L. L. Temple, at Empalme, was at Nogales, returning home. She went forward to Naco on the Cananea road, thence to Douglas at evening.

The Santa Santa Cruz Club has announced and issued invitations for a colonial ball on the evening of Washington's birthday, Thursday February 22d, at the Club Rooms. Colonial costume will be worn by participants, if they desire.

Owing to small pox in Mexico, Doctor Gustetter, the United States sanitary inspector at Nogales is exercising extraordinary precautions. The Pullman cars from Mazatlan are held at the line twenty-four hours and thoroughly fum-

igated before being permitted to go North.

Yesterday two applications for homestead filings in the Elgin region were made before the Clerk of the Superior Court, Mr. Edward L. Mix. The applicants are Mr. Josiah Sparks from San Joaquin valley in California, and Mr. Clarence Creighton from Kentucky.

Tuesday Mr. Demetrio Amado, from Amadoville, at the north edge of the county, on the Santa Cruz river, was in Nogales, arranging an application for a desert land filing. In the course of the day the gentleman completed the work, and Wednesday morning he went home.

Cantina Central, Hermosillo, opposite Banco de Sonora, A. A. Monteverde proprietor. Lunches, Finest Mexican Cigars. *

At Santa Ana, California, on the Fourteenth of February, there were united in matrimony Mr. Robert Howell and Mrs. Fannie Zimmerman. The bride is known well in Nogales, having made her home here a number of years. The groom was also here at one time, in the employ of the telephone company.

Wednesday evening there was held an impromptu celebration of admission, on the common between the fire department building and the Crawford street bridge. A big bonfire was lighted and an improvised stand supplied a speaking platform. Mayor Noon presided and stirring addresses were made by Judge Noon, Judge O'Connor and Frank J. Barry esq.

This week THE OASIS has received an invitation to attend the commencement exercises at the San Jose High School, in California, a member of graduating class being Jay Faulds, a son of Mr. John A. Faulds of Nogales. The young man who is about eighteen years of age, is remembered well in Nogales, where he was born and lived many years.

There appears to have gone out an impression that naturalizations can be had before United States Judges only, and that the elimination of the district judges of the territory with powers of federal judges has taken naturalization proceedings out from local courts. The statement has been circulation that all naturalization business will have to go to the United States court at Phoenix. Such is not the case. Under the naturalization laws of the United States all courts with the jurisdiction given by the constitution of Arizona to the superior courts in the various counties. So naturalization cases can be heard before Judge Duffy. There are already ripe two such cases, and they can be heard at any time. The applicants for citizenship are Juan Varona and Martin Romero. Two more have filed petitions, but there have to elapse some three months before they can be heard. They are Alberto Billy and Felix Morales.

It is held that all notarial commissions issued by the territorial government expired with proclamation of the state, and consequently no one who has been a notary public has power to take acknowledgments, depositions, etc. The only notarial officer in the county at present with such power is the clerk of the new superior court, Mr. Edward L. Mix; and all custom house invoices, deeds, and other papers which require acknowledgement before an officer with a seal have to go to him, and

will do so until the new crop of notaries public comes in.

Mr. Jesus Arce has discovered a coal bed, out in Bear valley some twelve miles west from Nogales. Samples he brought in were tested by Dr. Chenoweth, and other samples were sent to the University of Arizona for chemical analysis. That tested here gave good results. As the samples taken were close to the surface the coal was not so good as it is apt to be found with depth.

Tomorrow the Tucson Automobile Club, with twenty machines, conveying a large party of sixty or seventy people, will make a run to Nogales. The start will be made at 9 o'clock in the morning, and the first machine to reach the line will arrive about one o'clock. They will remain at Nogales some time and return home the same day.

The bridge destroyed by *insurrectos* Wednesday, on the Southern Pacific of Mexico, was in Sinaloa, about forty kilometers this side of Culiacan. Transfers are made, and trains from the south are late in consequence. Yesterday the train going to Tucson waited until afternoon for connection. The Sonora train arrived at 12:30, and the

Tucson express got away about 1:30.

Yesterday evening Mr. H. Gordon Gore returned from Prescott, where he was in attendance on the Grand Lodge of Masons.

Yesterday there came from Elgin Mr. Josiah Sparks, a resident of California, who has located land in the Rain Valley, and will make his home there. Mr. Sparks visited the county seat to make affidavit to the homestead filing he makes on the land he has located. A son of the gentleman made a similar filing a couple of weeks ago. Both father and son will improve their holdings and make their homes there permanently.

Mr. S. A. Bowman, the well known plumber gas fitter and metal worker, who has had charge of the shop of the George B. Marsh Company several years, has set up for himself, and is open to engagements to do anything in the line of plumbing, gas fitting, laying metal roofs and cornices, etc., etc. Mr. Bowman is a first class workman, as the work he has done in Nogales the past four years goes to show; and he is prepared to execute quickly, expeditiously and thoroughly anything in his line that may be wanted. Orders for him may be left at the office of the Nogales Water Company. See advertisement elsewhere.
